STORY

In the mid 16th century, the St.John knighthood recruited their first female knight, Aciel. Aciel, who was authorised by the leader of the knighthood as the branch commander of the ninth branch, the branch which connects the other eight branches, gathered knights from each branches to form the new branch. Daniel who was attacked by Dragut on the Gozo Island had been taken captive in Turkey. Three years later, in order to retrieve Daniel, Aciel and her knights received instructions to go to Turkey, the country of their enemies. In this endeavor, Aciel met her foe, Dragut, once again and decided to challenge him to a duel. On the other hand, in order to protect Aciel, Lucas challenged Dragut to a duel before Aciel could. Who between these two will win the duel?

Eastern Kingdom 9

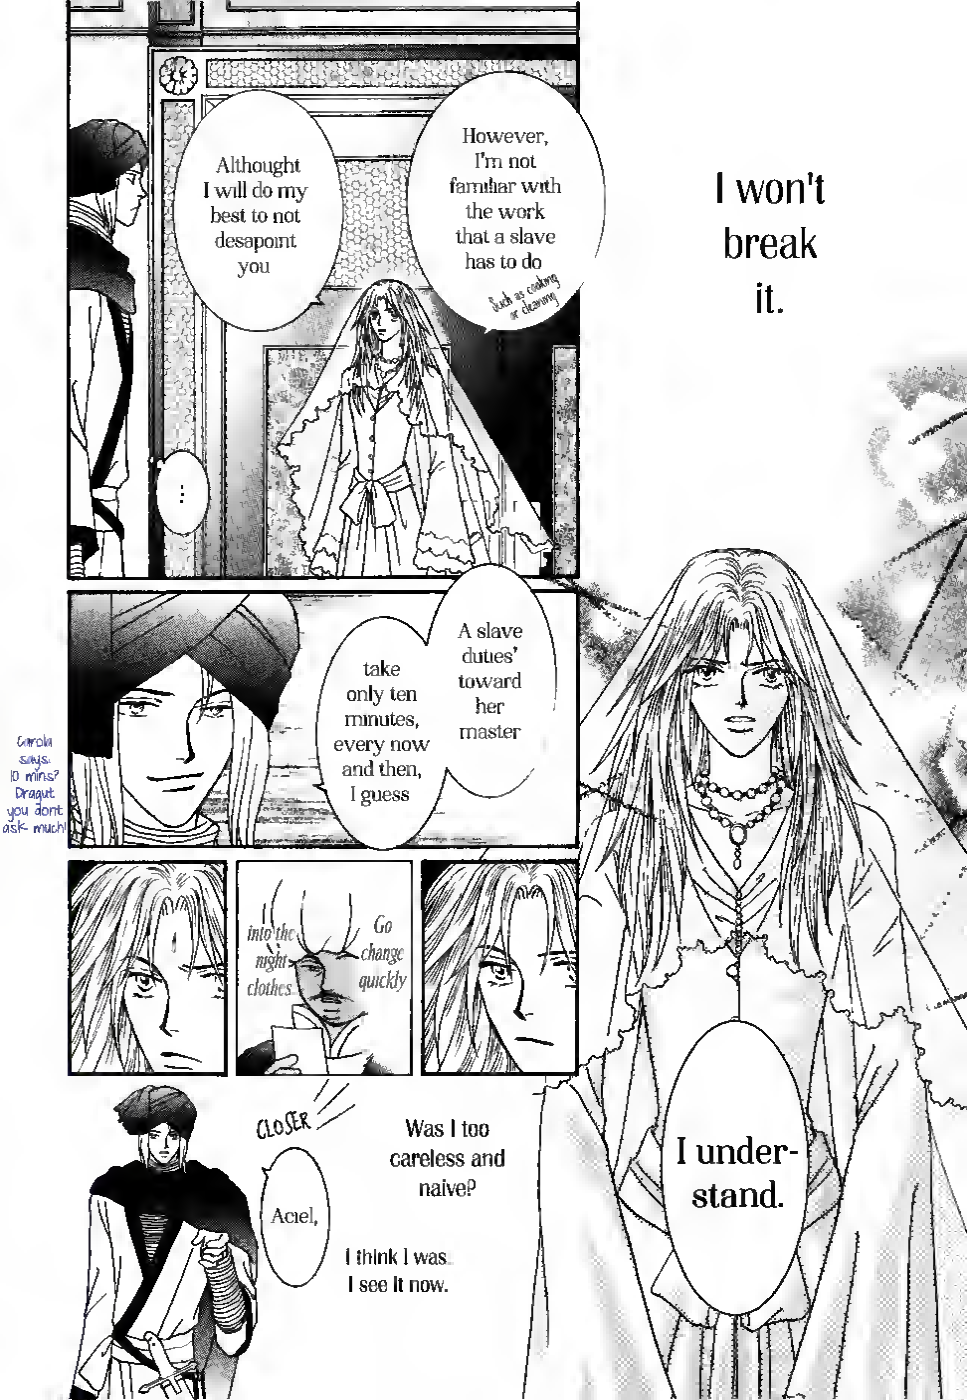
No
You entered the right one
I think I mistook the room to enter in
Excuse me,
Huh?
You didn't make a mistake, Aciel
You had to come to this room
Starting today,
I am your owner

His Majesty Suleiman
granted you to me.

In comparison, to go as slave to the Harem looks less dreadful.

"I'm going to ask Aciel as a knight..."
"Are you willing to pay any cost to save Lucas?"
"As long as it is His Majesty's orders..."
"even if I am told to head to the depth of the abyss,"
I would gladly do so."

That was what I promised to Sultan Suleiman.



Although I will do my best to not desapoint you
However, I'm not familiar with the work that a slave has to do
such as cooking or cleaning
I won't break it.
A slave duties' toward her master
take only ten minutes, every now and then, I guess
Carola says. 10 mins? Dragut you dont ask much!
Go change quickly
into the night clothes
I understand.
CLOSER
Was I too careless and naive?
Aciel,
I think I was. I see it now.

I can give you liberty if you earn the privilege
By giving this beautiful body and soul of yours
completely to me.

Then,
I want you to give me your heart
Since you're my master
or even go and die if you ask me to
I'll sleep with you,
I'm already mentally prepared
Command me as you like

Team Zica Credits: ***Carola*** cleaned. ***Zilvere*** helped to clean too.

What I want
is your love.
Dragut!

You've really got me, Solluku.
Though it's a punishment to satisfy our people,
yet to actually hand Aciel to the foe that killed her father...
Solluku's suggestion shocked me, but...
Will you take responsibility?
Really?
What shocked more was that...
Don't worry, princess Mihrimah
I wonder, how Aciel is feeling right now?

Your Majesty Suleiman,
I know this is an unreasonable proposal.
However, please grant Aciel to me.
That man, who is usually very calm actually came and negotiated with me
I have fallen in love with that girl.
If you wish for me to continue my position as Admiral of the Turkish Empire,
I hope you can grant my humble wish.
Dragut,
where will lead you this,
the only love of your lifetime...?
He actually showed his pirate side to me

Team Zica Credits: ***Carola*** typesetted.

WAHH! BROTHER!
I MISSED YOU SO MUCH!
Idiot! What are you doing?!
I TOOK IT FROM A KNOCKED OUT GUARD!
Hercules, that uniform...
Idiot?
You're so mean— I did it to save you and Aciel—
Even if your didn't take action,
Lucas and I would both be released sooner or later,
the only problem is Aciel
When Aciel was paying her respects to Sultan Süleiman,
Aciel interfered in the duel to save Lucas, then she agreed to enter the harem in exchange for his life.
Lucas was severely injured during his duel against Dragut.
...?
What happened? How much do you know, brother?

Why is that?
and His Majesty was troubled then, he had no idea how to deal with Aciel
All that was said to me by the His Majesty Himself,
I know all that as well
Because Sultan Suleiman is a Real Knight.
Hence I.
suggested to His Majesty that
He wanted to give Aciel amnesty, but it would be hard to face the people afterwards if he did so
His Majesty really admired Aciel's courage and resolution

Exchanging brother for Aciel...
That...
that sort of thing
But His Majesty hesitated cause...
That solution wouldn't satisfy the people, thus it was rejected
I don't want to lose either brother nor Aciel!
I can't accept it!
We're going back to Malta Island!
You are... All of us are going back together!
I came to Turkey only for this purpose!
I'm willing to change my religion to Islam, become one of his retainers, and stay in Turkey.
Just to hope that he could release Aciel...
!!

I will not!
Accept anything less than that!
let's go negotiate with them again.
Then
You can also ask Sultan Suleiman directly,
and...
Brother
it's only a matter of time for us to be arrested.
Well, you have beaten the crap out of the guards anyways, so the goose is cooked.

Let's go.
It's better for you to meet the Sultan and understand what's going on now
Let them know the fighting spirit of us the St. John Knights
The nature of the enemy—

Wait for me, Aciel.
Please, wait for me.
Aciel!
!!
Hang on, Lucas
We're almost there
His Majesty's rooms is right after this corner.
I will definitely rescue you!

You are still alive!
Lucas!
Every-one!
Lord Daniel!
Hi!
Are you alright?
Are you all going to negotiate directly with the emperor?
Yeah,
We're all from the same boat

We are going to take Aciel back from the Sultan!
Please let us meet the Sultan!
I, Daniel de Canetti and
another five knights from Malta Island hereby request to meet His Majesty Suleiman

Please His Majesty about our request.
His Majesty will receive You
Come in.

This old man is Sultan Suleiman.
We would like to express our deepest gratitude to His Majesty
for granting our sudden request. We are utterly thankful
My enemies, that are one generation younger, are all here
only to take a woman back?
!!
Your Majesty!
First and foremost, I have to thank you!

I, who lost consciousness during my loss against the Turkish Admiral Dragut,
was said to be spared thanks to His Majesty's benevolence
To be able to live like this right now is all owing to His Majesty's kindness,
I appreciate thee from the bottom of my heart.
The man who was in bed struggling on the edge of life and death just now,
has already regained his consciousness
No need to thank me,
knight Lucas
Is this all because..
he is so deeply in love with Aciel..?
It is Aciel who saved you
For you, she volunteered to enter the harem, and the civilians also accepted the outcome

Is exactly where you all live.
They want to conquer Malta Island.
You guys better not incite the citizens, the people of the Great Turkish Empire,
that has already gotten accustomed to the taste of victory and the continuously expanding territory.
For what they desire now,
It's all over now,
and the people will soon forget about this incident
The incident which the Admiral duelled against a St.John's knight,
and that a beauty entered the harem.
You all shall also forget about this and quickly return to Malta Island!
What is this stupid old man talking about!

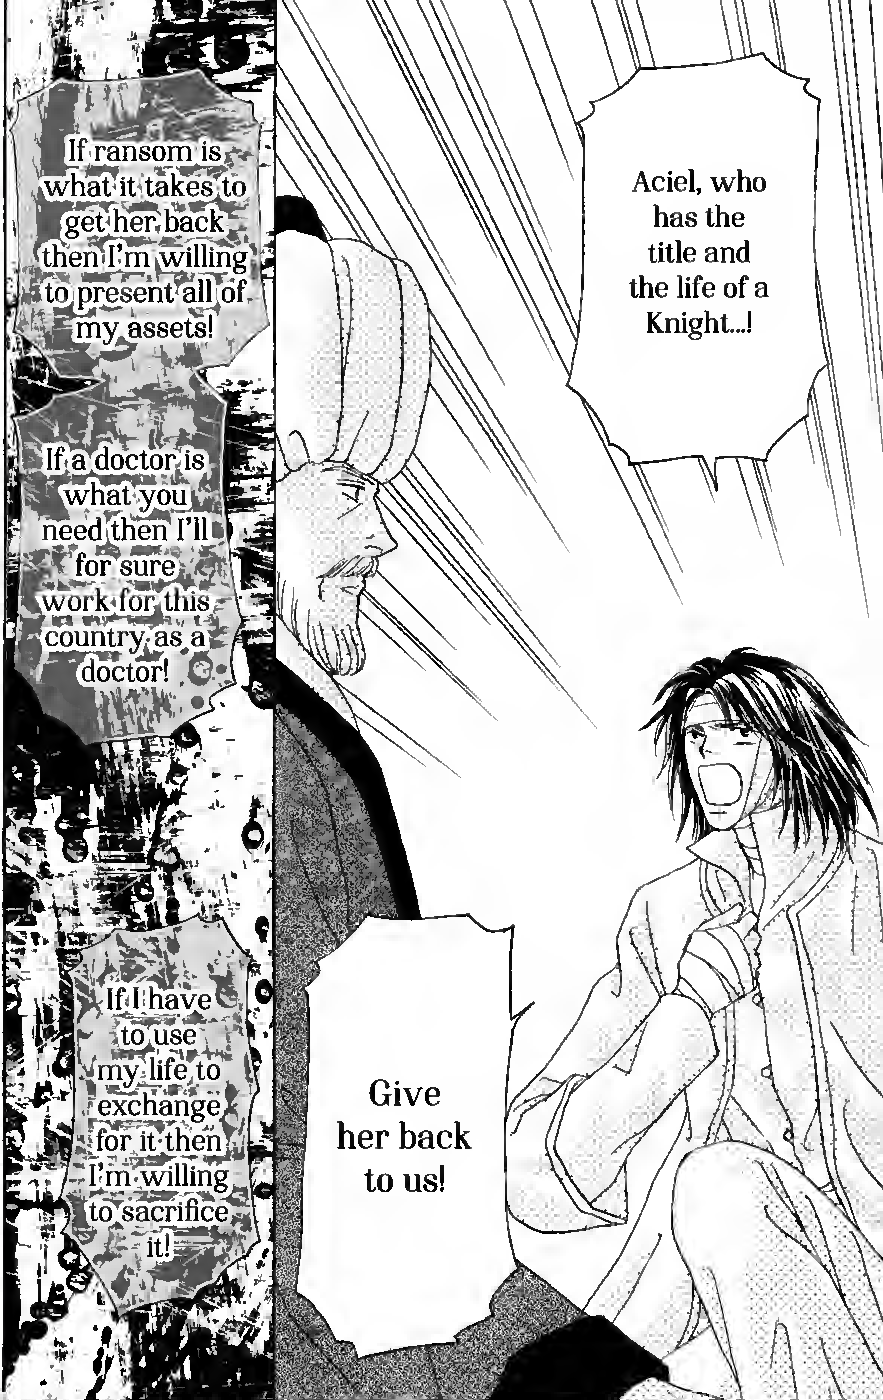
Team Zica Credits: ***Akanenaokiki*** translated. Also checked quality. Thank you very much for your hard work!

I'm also quite old,
so don't expect me to be as kind as I were on the Rodhes Island.
After your death there will be no one to stop it...
The Turkish Empire will sooner or later annex Malta Island.
Hence this is unavoidable.
I understand your feelings but...
Sultan Suleiman...

The benevolent ruler,
is also one of the rarest true knights in the world,
Sultan Suleiman.
You are trying to give us an advice.
Telling us to reserve resources and
reserve power
in case the war begins, so we won't lose miserably.

Actually,
you hope that Aciel can live on.
I now finally understand...
You can at least guarantee that she will not lose her life due to the war between the two parties.
If during that stormy times Aciel remains prisoned by the Turkish side,
In the near future, the Turkish Empire will fight against the St. John's knighthood.

My theory
isn't too far from what you had in mind, right?
To let Aciel live
he purposely let her enter the harem?
But, Your Majesty,
though we understand your intention,
We still want you to release Aciel!
And whilst the St John knighthood does disappear from this world,
as well as the Turkish citizens lose their interest in what happened between us,
Your Highness will be able to secretly set her free.



If ransom is what it takes to get her back then I'm willing to present all of my assets!
If a doctor is what you need then I'll for sure work for this country as a doctor!
If I have to use my life to exchange for it then I'm willing to sacrifice it!
Aciel, who has the title and the life of a Knight...!
Give her back to us!

Team Zica Credits: *Zilvere* scanned and checked quality.

I beg thee,
Your Majesty
I beg you!
Lucas!
Your blood!
Lucas!
...
pant
pant
And it's already too late now, even if you beg
Do you know how much Ciel struggled in order to
save your life? You idiot!
This is bad! You have to stop talking!
!!
...

Aciel is no longer
under my protection.
I have already handed Aciel
to Admiral Dragut.

What
does that mean...?
Slow princess
must I say it clearly for you to understand?
I want you to give me your heart.

You said that I didn't know the happiness that is to be bounded to a woman,
but,
You said this to me before, Aciel
that sort of joy
I now want to know,
Aciel...
I love you.

Dragut...
says that he loves me?
He loves me...?
the man who made my Lucas covered in blood...
The man who killed my father.
Says that he loves me...?
Dragut
because my heart
belongs to Lucas forever.
Lucas
I can't give you my love,
But the one I love is...
That's impossible

So even if it takes a lifetime,
I will make you mine completely
Even though
I know that
I just can't give up on you.

Except for...
He... who can only hold me with his left arm, he... killed my father.
My heart who belongs to Lucas.
The right arm his used to injure my lover,
can no longer move.
It is almost time.
Due to a promise,
my being became to be this man property.

My ships are about to depart
Let's go, Aciel.
From today on, you will be in the place you belong.
Let's sail far away between the sea and the sky!
From today on, I will stop being a kight and become a pirate.
